Partnering with Parents

Homework & study

Homework is an important part of learning, but sometimes parents find it hard to keep up with what needs to be done. There are a range of resources to point you in the right direction at www.schoolatoz.com.

Access Morning Tutoring

7:30 am daily
CLE (general) & Room 402 (maths)
No bookings required

Computers can be a distraction, set clear expectations for use.

At the start of the term, help your child create folders on his computer for each subject.

If you can, go with your child to buy the necessary stationery and equipment required for the term.

It can be a great opportunity to talk about organisation and to a chance to work out great ways to stay organised at school.

Need Help with Organisation?

Students can call into room 405 each Friday at 7:45am or by appointment with staff from the Centre for Learning Enrichment.

Start each school term by creating a term plan. Continue to add key dates throughout the term. These can be found on pages 40, 62, 84 & 106 of the student diary.

Find dates for assessment and exams
These can be found on the college website.

Create an assessment folder with a section for a printout of your assessment instructions
Task sheets can be found on the college website.

Arrange to have Text to speech loaded on computer
Info available in room 405.
