From the Head of Sport

This weekend the majority of our teams travel to St. Patrick's College (SPC) for Round 4 of AIC competition in rugby and football with only a few Ashgrove teams playing at home or away against other Colleges. This will be a competitive round of sport for round against St. Pat's as we travel to Curlew Park for their Old Boys' day. On Friday night our Chess teams will travel to Shorncliffe to continue their strong start to the season against one of the AIC champion schools.

The last round of sport against St. Peter's was a strong performance from all Ashgrove teams with many big results for our teams. Our rugby teams did not lose a match in AIC competition while our football sides won 9 and only lost 3 matches. We congratulate our teams who played in the traditional "home derby" round against other Ashgrove teams. As usual, these were tough games where no Ashgrove student gave an inch. The next two rounds against St Patrick's and St Laurence's will prove pivotal for a number of our rugby and football teams. All teams need to be prepared for what awaits us in these remaining rounds and be ready to respond with a strong performance in the traditional Ashgrove way.

The 1st XI football team will conclude the football program on Saturday with a clash of two of the top 4 sides in the AIC competition. After a solid finish to their match against SPLC the boys will be aiming to cement a position at the top of the competition with another strong performance. The 1st XV game will see our team play another challenging match and all players are also keen to improve on recent performances with a strong game against the SPC team.

With most of our teams playing at Shorncliffe, and particularly at Curlew Park, we are hoping for strong contingent of Ashgrove students to remain behind and support our 1st teams. The full days of competition in rugby and football always create a good atmosphere and our teams will need your support against the strong SPC crowds.

It is extremely important that we maintain our humility and our integrity for the remainder of the season regardless of the opposition's approach to matches. We have, on the rare occasion, forgotten the importance of these key attributes that have been representative of Marist Ashgrove students. We should all aim to finish the season with these important character traits intact.

Sign-on for Basketball and Tennis (Years 7-12) is now open. Please click on the link below to go to the sign-on page. Please enter correct details on the form, and please only sign-on once. This sign-on allows us to estimate the number of teams we may have, and helps the coaches organise the trial and

AIC Announces Results of Sports Review

For the past 20 years, the Associated Independent Colleges (AIC) has offered sporting and cultural activities for our eight member schools across Brisbane. Last year, the AIC asked parents, staff and students for feedback on our sport offerings. It had been 20 years since the AIC was formed and it was timely to look at the activities that we offered. We wanted to ensure that the AIC offerings improved student wellbeing, provided healthy competition, considered the workload of staff and would be suitable for the new secondary education system – the Year 12 class of 2020 will graduate under the Australian Tertiary Admissions Rank (ATAR) system, replacing the Overall Position as the standard pathway to tertiary study.

For this review, the AIC engaged a highly qualified team led by Professor Cliff Mallett and his colleagues from The University of Queensland. This team undertook a research phase that included survey contributions from more than 4700 parents, students and staff. Focus groups were also convened from each member College. The survey contributions were mostly positive about the AIC offerings and their value in helping to develop students.

In the first term of 2018, the review team delivered their report to the AIC Management Committee, which consists of all principals from the member schools. The committee has reviewed the report's recommendations and discussed these with key stakeholders including senior sports staff. Today, the Management Committee is advising parents, students and staff of the agreed outcomes from the review. They include:

- The continuation of all sport offerings including the likes of swimming, volleyball, cricket, chess, football, rugby union, cross country, golf, basketball, track and field and tennis.
- The development of an AIC charter that will underpin our competition
- The introduction of an Australian rules football competition – on a two-year trial basis – to be played in the first term of 2019
- The introduction of a rugby league competition – on a two-year trial basis – to be played in the third term of 2019
- A proposal to switch track and field from the fourth term to the third term to help senior students to focus on their final exams
- Stronger partnerships with external sporting associations including national bodies
- A commitment to strong safety standards to all contact sports

Late last week, the AIC management committee signed off on a charter which is led by a motto: Learning and growth through sport and competition. The charter includes a vision, mission and guiding principles which summarise the nature of our interschool sports. The AIC has built an excellent reputation for developing quality young men whose development is enhanced on and off the field.

The research phase of the AIC review found that parents from all AIC schools were very satisfied with the current sport offerings. That was among the reasons why the AIC decided not to alter any of the current offerings. However, it became clear that many parents and students who were surveyed wanted to see the addition of Australian rules football and rugby league. We undertook extensive discussions on the viability of these competitions, including meetings with the AFL and the National Rugby League. We were satisfied that these sports could be offered in a term format. As part of our two-year trial, you will see:

- An opt-in format. Each member College has unique circumstances and these will be respected.
- An Australian rules football competition to be played in the first term on a Friday night for older students and Saturday morning for primary and Year 7 students.
- A rugby league competition to be played in the third term on a Saturday. Each school will provide one team for each Year level from Years 5 to 10. Each school will also provide an open age team.

Details of these competitions will be finalised later this year. The discussion around these new offerings will be led by principals, directors of sport and other key stakeholders.

The review raised concerns around the timing of fourth term sports, particularly for senior students preparing for important exams, and recognising the workload of staff across the year. To alleviate this, the AIC has initially considered not scheduling any structured interschool sport, requiring regular training sessions, in the fourth term. This would mean that track and field would potentially move to the third term. Individual schools will provide intraschool sport in the final term, noting that physical activity can assist in learning and study. This does not impact on players from Year 11 and younger who may begin training for sports in the following year.

During recent months, the AIC has strengthened our relationships with the likes of the AFL, the NRL and Queensland Rugby Union. We will continue to develop these relationships to ensure we provide the best sports offerings possible for our students while never losing sight of our motto to foster learning and growth through sport and competition.

Our thanks again to all who contributed to this review. We believe the accepted outcomes have set up the AIC for the start of our next two decades. They offer more options without forsaking our existing offerings. And we hope that they provide our young men with more opportunities to learn and grow.

Sports based S&C gym sessions are for either designated 1st Opens (Years 11/12) players or nominated students only

Students in Years 8-12 can access gym at designated general sessions (max 25 students)

Cross Country

All Cross Country squad members should be attending at least 2-3 sessions per week. If this is going to be an issue, please keep Miss Deeley or your Age Coordinator informed. We are well aware that many of you are committed to Term 2 Sport – we will be happy to show flexibility as long as you're open with us and you keep us in the loop.

Our training session options are as follows:

Training A: Monday & Tuesday mornings – focus will be on race pace development

Training B: Wednesday & Thursday mornings – focus will be on short/long hill repetitions

Long Runs: Friday mornings – focus is on aerobic running (easy long runs)

We meet at the **Grandstand (McMahon Oval)** for regular training with sessions commencing at 6:45am sharp – please arrive before then so we'll be ready to leave on time (make sure you have your name checked-off with Miss Deeley before the session starts). We have a tradition of playing touch before training – for those interested, this usually kicks off around 6:20am onwards.

We will train every school day of Term 2.
